*Prof Santosh Yadav taught us Chemistry such effortlessly that it made us take interest in the subject. His idea of sticking to the textbook and his "mnemonics" and "logics" for each concept indeed helped a lot. The entire team of teachers was very approachable and arranged extra lectures whenever required.*

- He has an individual approach to each student which is very important to discover abilities in every student
- He reduces the fear of subject from students mind

*It was excellent ! I am really thankful from the bottom of my heart for training me in Physics. The lectures, doubt solving, extra lectures and help for weaker students was simply brilliant ! Teaching and doubt solving in the best possible manner – after or before class through whatsapp / SMS or phone anytime was mind blowing. And the voluminous amount of MCQ books was just perfect for a subject like physics. Really, I have enjoyed learning the subject here. It was SUPERB !!!*
